

LITTLE ROOKIES HEALTH POLICY

In response to COVID-19.

We are eager to get back onto the baseball field!

To do our part to slow the spread of the coronavirus, we've created the **TRIPLE PLAY APPROACH** to protect our Little Rookies. We've implemented social distancing and proper sanitation in our classes to create a safe and fun environment for all involved.

TRIPLE PLAY APPROACH

FIELDS & FACILITIES

Upon entry of the facility, attendees will be required to wash their hands

Facilities will ensure access to sanitation (i.e. soap, wipes, hand sanitizer)

Facilities will be encouraged to limit attendance

Hand Sanitizer will be provided at Field Locations

COACHES

Equipment will be sanitized before, during, and after all training sessions

Coaches will wear a mask and batting gloves

Drills will be conducted 6 feet apart and amount of players per drill will be limited

We will limit class size to adhere to local guidelines

PLAYERS & PARENTS

Please stay home if your child and/or family members have been recently sick

Children and Parents may optionally wear masks.

You can optionally bring your own equipment (Bat, Baseball, and Large Ball) or use our sanitized equipment.

Only one parent per player is allowed to participate; parent involvement is highly encouraged to limit contact

THANK YOU!

For questions or concerns please email us at info@littlerookies.com or call us at
